## EDUCATION

### A.P.J Abdul Kalam Technical University

Oct 2022 – Aug 2026

*Bachelor of Technology in Computer Science*

- current GPA: 8.05

## PROFESSIONAL SUMMARY

- Self-driven and enthusiastic web developer with a passion for creating excellent online solutions.
- Skilled in both front-end and back-end development, focusing on user-friendly and responsive websites.
- Strong problem-solving skills, with a keen ability to tackle complex challenges and find efficient solutions.
- A full-stack developer with a strong technical foundation and a keen interest in leveraging technology for finance and investing.
- Competent in data structures, algorithms, and software design, with a solid grasp of Object- Oriented Programming (OOP) principles.
- Excellent communication and teamwork abilities, ready to work effectively in collaborative environments.

## EXPERIENCE

### Open-Source Developer

Aug 2024 – Present

*Real Dev Squad*

*United States, Remote*

- Developed a feature that sends a message whenever a user runs Discord's 'mention each' command.
- Created a modal to acknowledge the user about their task progress status when the user marks progress as 100%.
- Wrote specific tests for the features.
- Put the features behind a feature flag.

## PROJECTS

### Chore Trekker

Mar 2024 – May 2024

- Developed a web application for managing ideas, including user registration, authentication (JWT-based), and idea management with descriptions and completion status.
- Implemented input validation and time visibility for each idea.
- Developed with HTML, CSS, JavaScript, Node.js, Express.js, and MongoDB.
- Designed with a responsive UI to ensure seamless experience across devices.

### Lift simulation

Aug 2024 – Sept 2024

- Created an interactive lift simulation using HTML, CSS, and JavaScript, allowing users to call lifts to various floors using up and down buttons.
- Implemented animations for smooth lift movements and operations.
- Designed a responsive layout supporting multiple lifts and floors.
- Focused on user experience with intuitive controls for efficient lift management.

## TECHNICAL SKILLS

**Languages:** HTML, CSS, JavaScript, TypeScript, Java, SQL

**Frameworks & Libraries:** Express.js, React.js, Jest, Material-UI, Tailwind CSS, REST API

**Developer Tools:** Node.js, Git, Postman

**Databases:** MongoDB, MySQL, Firebase FireStore, PostgreSQL
